

COMO

Developer

Developer Job Specification

About Us

02.09.2021

Como is a new and exciting creative technology studio founded on a combined 30 plus years of experience that specialise in interactive brand experiences and marketing solutions. We are passionate about improving and enhancing consumer purchasing experiences across various sectors of the industry. Our key areas of focus are in Augmented Reality, Real Time 3D Apps, Interactive Touch Tables & Media Walls and 3D for Web. We are based in Clerkenwell, London but have a flexible working policy to allow working remotely.

About You

You are a passionate programmer with a keen interest in developing code for the interest on brand experience.

You will have a wide range of design influence and enjoy innovation in all that you do.

You will be driven to push best in class and comfortable to share and drive new ideas.

You are looking to grow your career within a studio and take a general lead on projects and internally with new ideas.

The Role

We are looking for a highly skilled and highly motivated developer to develop web apps primarily focused on 3D experiences.

These Apps will be deployed to devices such as mobile, tablet, desktop, and multi-screen installations.

It is a collaborative role in where projects are taken on in both an individual and team basis.

The role involves the full software lifecycle of app development – designing, coding, debugging and documenting apps.

Proactively collaborate with teammates and communicate with project stakeholders to ensure project efforts proceed with efficiency and predictability.

Enable relevant stakeholders' concerns to be identified, considered, and enacted during the development of the product.

Working directly with the designers to ensure that their vision is shared with your ability to enhance existing features and add new systems to extend an established code base.

Build and maintain core platform components, pipelines and tools across target platforms.

Be passionate about creating digital experiences and seek to improve one's growth and productivity in the process.

Specifics Skills

3-5 years experience is a minimum requirement.

Strong JavaScript skills with a particular focus on 3D, using WebGL, Three.js, PlayCanvas among others.

Proven experience with JavaScript front-end and SPA frameworks such as React and Vue.

Proficient in UI development, with a deep knowledge of HTML and CSS frameworks.

Background in producing progressive web apps.

Experience with 3D packages including Autodesk 3ds Max.

Ability to work independently and to be self-directing.

Demonstrable ability to discover and fix errors in code.

Strong organizational skills with a good sense of design with outstanding communication and collaboration skills.

Job Specification Continued

Ability to quickly get up to speed with existing code.

Experience in writing clear, maintainable, portable code, at a high quality with an emphasis on performance and resource management.

Beneficial Skills

Development experience in server-side web applications using languages such as PHP.

Production experience with C# and Unity.

Familiarity with code version tools such as Git and SVN.

AR and VR development experience.

What We Offer

Salary DOE.

33 Days holiday.

Pension scheme.

A fun, friendly, collaborative studio.

Regular team events, lunches, drinks.

Opportunity to work on a wide range of projects across various industries, UK & International.

Genuine opportunity to progress.

Our Studio

We are trusted to deliver

With trust from our clients and across our studio, we explore with freedom and deliver with confidence.

We innovate with purpose

Curiosity drives us to push ourselves, technology and our clients to produce outstanding solutions and reach new levels.

We focus on service

Understanding how people truly engage with content, we are passionate about improving and enhancing consumer experiences.

We collaborate for success

Working closely with clients and third parties, we are there for every crucial decision - and offer support long after a project has finished.

We work with integrity

Every piece of advise we offer, decision we make, and experience we deliver is backed by the strongest principles and highest standards.

To Apply

Let's meet for a coffee to discuss our studio in more depth and learn about you.
